

NOVOpress

Easy handling due to "snap on" principle

Metal up to 35 mm

Rotable up to 180°

Pivoting rings

The new flexibility

- For metal systems up to dimension 35 mm for different profiles (M-/V-profile)
- Especially suitable for narrow, angled installation areas which are difficult to access
- Small dimensions, stepless rotating adaptor jaw
- Usable with ACO103, all 203 pressing tools (ACO203/ECO203 etc.) and their predecessors

Adaptor jaw
SZB101/SZB201
and pivoting rings

| Compatibility pivoting rings | | Adaptor jaw Device type 1 SZB101 | Adaptor jaw Device type 2 SZB201 |
|------------------------------|--------------------|-------------------------------------|-------------------------------------|
| M-profile | M15, M22, M28, M35 | ✓ | ✓ |
| V-profile | V15, V22, V28, V35 | ✓ | ✓ |
